

Minecraft Mods 101

Enrichment Class

(Photo credit: Creative Tools)

Everyone knows that Minecraft is a worldwide sensation, and it's practically a household name. If you are a fan of the game, and want to customize your game play, come join our class! You'll have fun learning how to create your own skins, custom maps and texture/resource packs. Take a spin in the world of Minecraft customization in this exciting class!

Parents please note: this is much more than just playing Minecraft (which your kids can do at home for free). Instead, this class teaches your kids how to actually change the visual components of the game. No prior computer programming experience is necessary.

Kids should already have a Minecraft account from minecraft.net prior to class starting and should bring their own laptop to class. A Chromebook or tablet will not work.

Ages	Dates	Time	Location	Cost
9-12	12/6, 12/12 and 12/19/15	9:30am-12:30pm	TBD	\$200
